Report to the Listener

In case you are not aware — KPFK Folios are developed and typeset by the end of the first week of the month prior to date. As I write this, we are a few days away from WINTERFAIRE opening. By the time you read this, WINTERFAIRE will be history. It has all the makings of a grand history. We will be recording it and laying the groundwork for an equal/greater event in 1985. It's a new beginning, folks! Our hard work and struggles are making a difference—thanks to those who have stuck it out for and with KPFK.

With any luck, we will be bringing in the new year with a few more staff: recalling two from the August lay-off and hiring into one or two new positions. This will give us a staff of eight full-time and two half-time persons. While we continue to chip away at our financial debt, this staff level is workable.

1985 is the year for continued stabilization and new development. We will be constructing methods for funding, programming, and engineering the station with more consistency—smoothing out the peaks (too few!) and valleys (too many!). For funding, this means developing income sources besides on-air and event fundraising, i.e. sustainers, endowments, foundations monies for equipment. We will be implementing a process for program/programmer evaluation/review/modification. And finally, in the engineering area, we will be replacing some of that "classic," "stately" equipment.

Stay tuned. Give us your feedback. Renew your support. Our station is moving on.

HIGHLIGHTS

Special: Dr. Martin Luther King Jr.

Dr. Martin Luther King Jr. Beyond Celebration will be aired on KPFK, Tuesday, January 15 (Dr. King's birthday), from 9:00 a.m. to 9:00 p.m. The dream of Dr. King does not reside only in his eloquent speeches, which will be aired throughout the day, but also in the work of the following generations.

One issue which Dr. King pursued with the same fervor as the elimination of apartheid in the southern United States, was the elimination of apartheid in South Afrika.

This issue will be explored through panels recorded at the Afrikan Studies Association Conference in Los Angeles: *American Afrikans and U.S. Policy Toward Afrika*; *Southern Afrika and Central America: Comparative Perspectives on Destabilization and Intervention*; *Apartheid in Sports*. Rev. Jesse Jackson's presentation on apartheid made at the U.N. and Dr. King's statement on apartheid will also be heard. We will look at a few ways the F.B.I. attempted to discredit Dr. King, and have the rare privilege of hearing Yolanda King and Attalah Shabazz talk about their fathers, Dr. King and Malcolm X.

Remember—Tuesday, January 15, 9:00 a.m. to 9:00 p.m. Don't miss this great and significant radio event, produced by Kwaku Lynn and Mark Ridley-Thomas, Executive Director of the Southern Christian Leadership Conference (Dr. King's organization), in Los Angeles. Hear you there!

Inauguration Day

On January 21, KPFK will present six hours of alternative inauguration programming—for those listeners who are looking for a more complete view than the one put forth at the official inauguration in Washington. The program will feature KPFK news and public affairs programmers, special in-studio guests, and coverage of a variety of community events/responses. We will look at the Reagan administration record with regard to foreign and domestic policy, and possible strategies for the next four years. We begin at 12:00 noon, so tune in for an alternative inauguration day.
